UAH seeks to offer degree programs and course offerings in every state, working through the National Council for State Authorization Reciprocity Agreement (NC-SARA) where applicable, or directly with states to ensure that required approvals are secured. The state of Alabama is a member of NC-SARA, and UAH is an approved NC-SARA institution. If you are pursuing a 100% online program, or choose to take all courses online, please ensure that you are residing in a participating NC-SARA state. Please note, the state of California does not participate in the SARA agreement at this time; therefore, students residing in this state cannot pursue an online degree or online courses. For more information about NC-SARA, including policies for experiential learning and professional licensures, please visit uah.edu/academic-affairs/offices/oirea/state-authorizations.
